Trustee Building Project Update

The trustees anticipate in these activities in the coming months. If you have questions or concerns, please contact one of the trustees.

June

- Start working on plans for the South side of the fellowship hall
- The trustees will facilitate a process for members to purchase items of value from the old building. Items to be removed should not compromise the structural integrity of the building. If an individual or group wishes to move the 1925 building to a different location, a plan of such needs to be proposed to the trustees by July 1, with the moving process completed by October 1, 2018.

July

Freeman Schrock will coordinate the demolition of the 1972 building and the 1925 building if not claimed and removed

August

- Complete SW entry to the fellowship hall
- Put in the playground and cover any remaining dirt with grass
- Complete additional parking lot work
